There are two barracks in Razgrad, one on the west end and the other on the east end of the city. At the first barracks, which includes low buildings, about 20 infantry rifle troops were seen playing soccer, while two other rifle troops were on guard. The second barracks at the east end of the town includes a large 3-story building and several other buildings along the road to Turgovishte. These buildings seem to be unoccupied, but a rifle soldier was on guard in front of the entrance and a rifle officer was at the exit. Several rifle troops and a single artillery soldier were seen in Razgrad.
